Site Specific Instructions and Comments

VCR must be On and set to Channel 3.
 TV must be on and set to "EXT" by pressing the Input Button on the Front of the TV.

NOTE Site is having trouble with the Audio Level that the VCR is sending to the AT2001. We have tried the volume setting on the Satellite Receiver. Also, turned up the Sat Rec Adjust Pot on AT2001. Did turn up but not to acceptable level. Suggested he add the RCA connections from Sat Receiver to VCR.
