

Submitting Public Comments on ePlanning Documents (1610-41): Introduction

Welcome to ePlanning Basics, Submitting a Public Comment. This lesson is intended for non-BLM individuals who wish to comment on a planning or NEPA documents. My name is Udom Hong, and I am an ePlanning facilitator.

The objectives for this lesson are to navigate to the NEPA or land use plan registers, make a comment on a project, add contact information, review the submission, and view the confirmation screen.

Keep in mind that this ePlanning comment submission process is meant to complement traditional comment methods such as mailings, meetings, form letters, faxes, or phone calls.
