THIS IS NOT ROCKET SCIENCE

BLM – ODF Joint Thinning Training – Silver Falls State Park

NEWTON'S LAWS OF MOTION

- **INERTIA**
- **ACCELERATION**
- **FORCE**

BLM – ODF Joint Thinning Training – Silver Falls State Park

THIS IS NOT ROCKET SCIENCE

“Ecosystems are not only more complex than we think, they are more complex than we can think”

Egler 1954

BLM – ODF Joint Thinning Training – Silver Falls State Park

SYNERGISTIC RELATIONSHIPS

BLM – ODF Joint Thinning Training – Silver Falls State Park

FOREST DEVELOPMENT

BLM – ODF Joint Thinning Training – Silver Falls State Park

FIRST RULE OF INTELLIGENT TINKERING

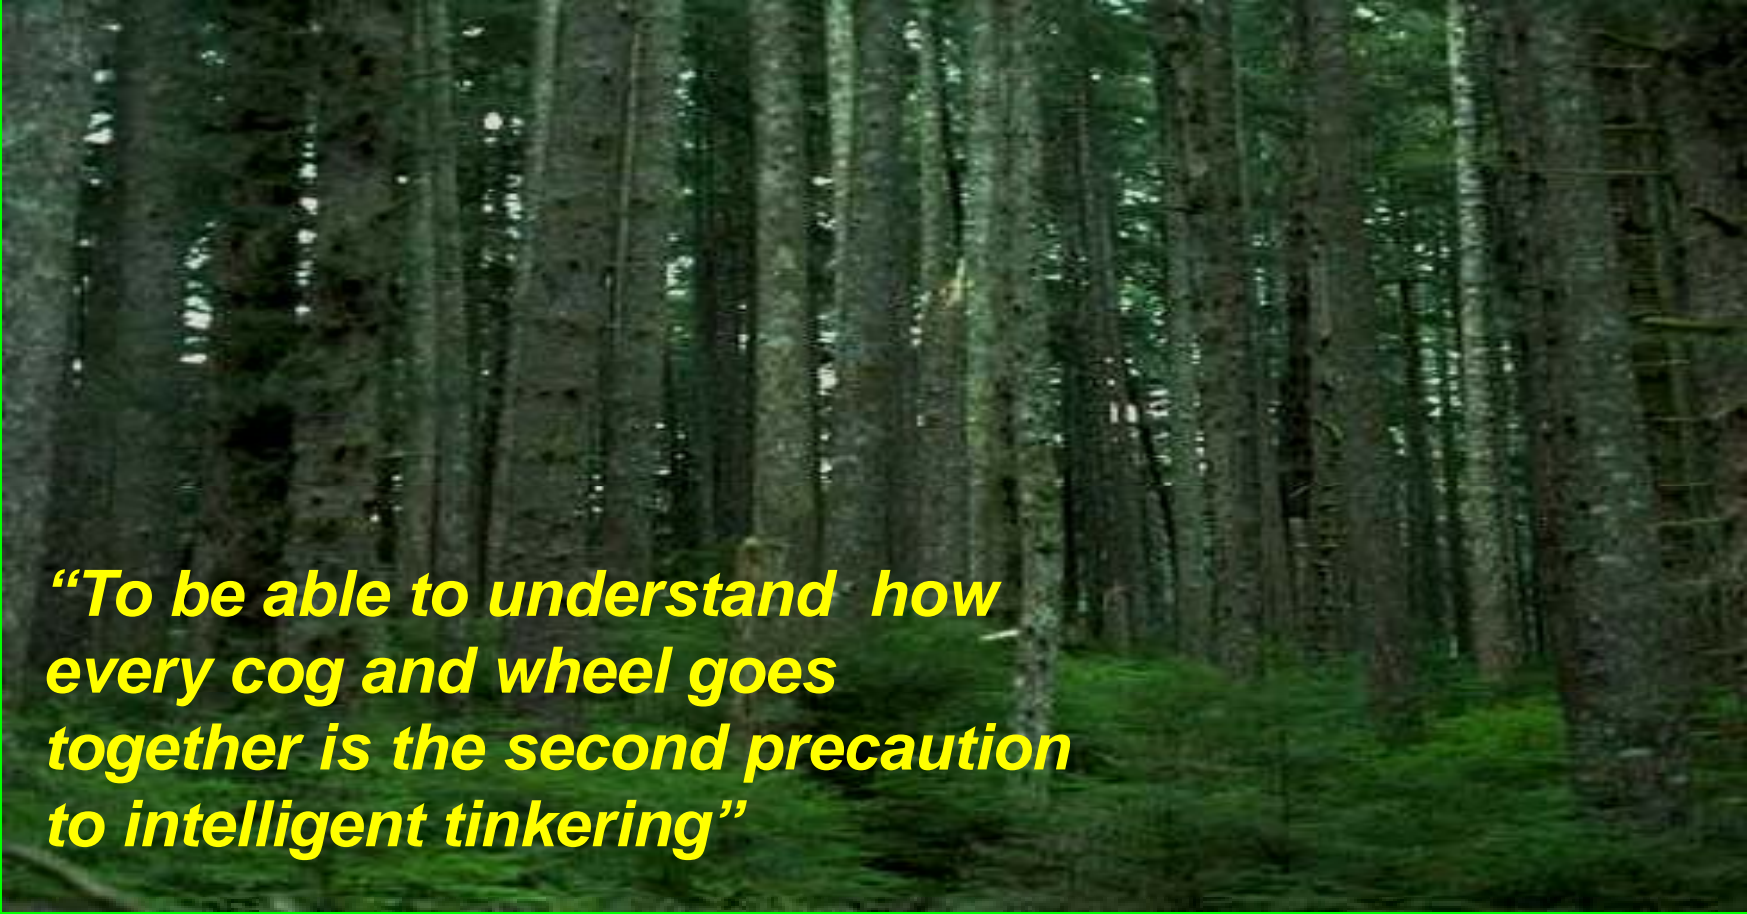

"To keep every cog and wheel is the first precaution to intelligent tinkering."

Aldo Leopold

BLM – ODF Joint Thinning Training – Silver Falls State Park

SECOND RULE OF INTELLIGENT TINKERING

“To be able to understand how every cog and wheel goes together is the second precaution to intelligent tinkering”

BLM – ODF Joint Thinning Training – Silver Falls State Park

STAND DEVELOPMENT MODELS

Generalized Stand Age*	Franklin et. al., 2002	Oliver and Larson, 1990	Spies and Franklin, 1996	Carey and Curtis, 1996	Wash. DNR SHC FEIS, 2004
0	Disturbance and Legacy creation				
20	Cohort Establishment	Stand Initiation	Establishment Phase	Ecosystem Initiation	Ecosystem Initiation
30	Canopy Closure				
40		Stem Exclusion	Thinning Phase	Competitive Exclusion	Sapling Exclusion
50	Biomass Accumulation/ Competitive Exclusion				Pole Exclusion
60		Understory Re-Initiation		Understory Re-Initiation	Large Tree Exclusion
80					Understory Development
110	Maturation		Mature Phase		
150		Old-Growth		Botanically Diverse	Botanically Diverse
220	Vertical Diversification		Transition Phase (Early)	Niche Diversification	Niche Diversification
300				Old-Growth	Fully Functional
800	Horizontal Diversification		Transition Phase (Late)		
1200	Pioneer Cohort Loss		Shifting-gap Phase		

BLM – ODF Joint Thinning Training – Silver Falls State Park

STAND DEVELOPMENT MODELS

Typical stand age ¹ (years)	Oliver (1981) stand development stages	Franklin et al. (2002) structural stage	1994 RMP/EIS Seral stage	Structural stages (This RMP/EIS)
0	Disturbance and legacy creation			
20	Stand Initiation	Cohort establishment	Early seral	Stand Establishment
30	Stem Exclusion	Canopy Closure	Mid seral	Young
50		Biomass accumulation/ competitive exclusion	Late seral	
80	Understory Reinitiation	Maturation		Mature
150	Old Growth	Vertical diversification	Mature seral	Structurally Complex
300		Horizontal diversification	Old-growth	
800-1200		Pioneer cohort loss		

¹ Stand ages are provided as references. However, stands can achieve structural classes at different stand ages, depending on disturbance and site conditions

MANAGEMENT PHASES OF FOREST DEVELOPMENT

Stand
Establishment

Competition
Mortality

Canopy
Differentiation

Complex
Structure

BLM – ODF Joint Thinning Training – Silver Falls State Park

CHARACTERISTICS OF ESTABLISHMENT PHASE

- High Degree of Species
- Little, if any, Vertical Str
- Site Dominance Not Wel
- Large Amount of Sunlight

BLM – ODF Joint Thinning Training – Silver Falls State Park

CHARACTERISTICS OF COMPETITION MORTALITY PHASE

- **Trees Dominate the Site**
- **Relatively Small Diameter Range**
- **Little Crown Differentiation**
- **Competition Induced Wave Mortality**
- **Little Species Diversity**
- **Little Sunlight Reaches Forest Floor**
- **Little, if any, Understory Vegetation**

COMPETITION MORTALITY

Christenson Rule:

If it's eighty-five feet tall and there is nothing growing on the ground, then it is time to thin

BLM – ODF Joint Thinning Training – Silver Falls State Park

CHARACTERISTICS OF CANOPY DIFFERENTIATION PHASE

- Lateral Crown Expansion
- Vertical Structure / Canopy
- Diameter Range Increase
- Sunlight Enters Through
- Understory Species Diver
- Individual Tree or Disturb

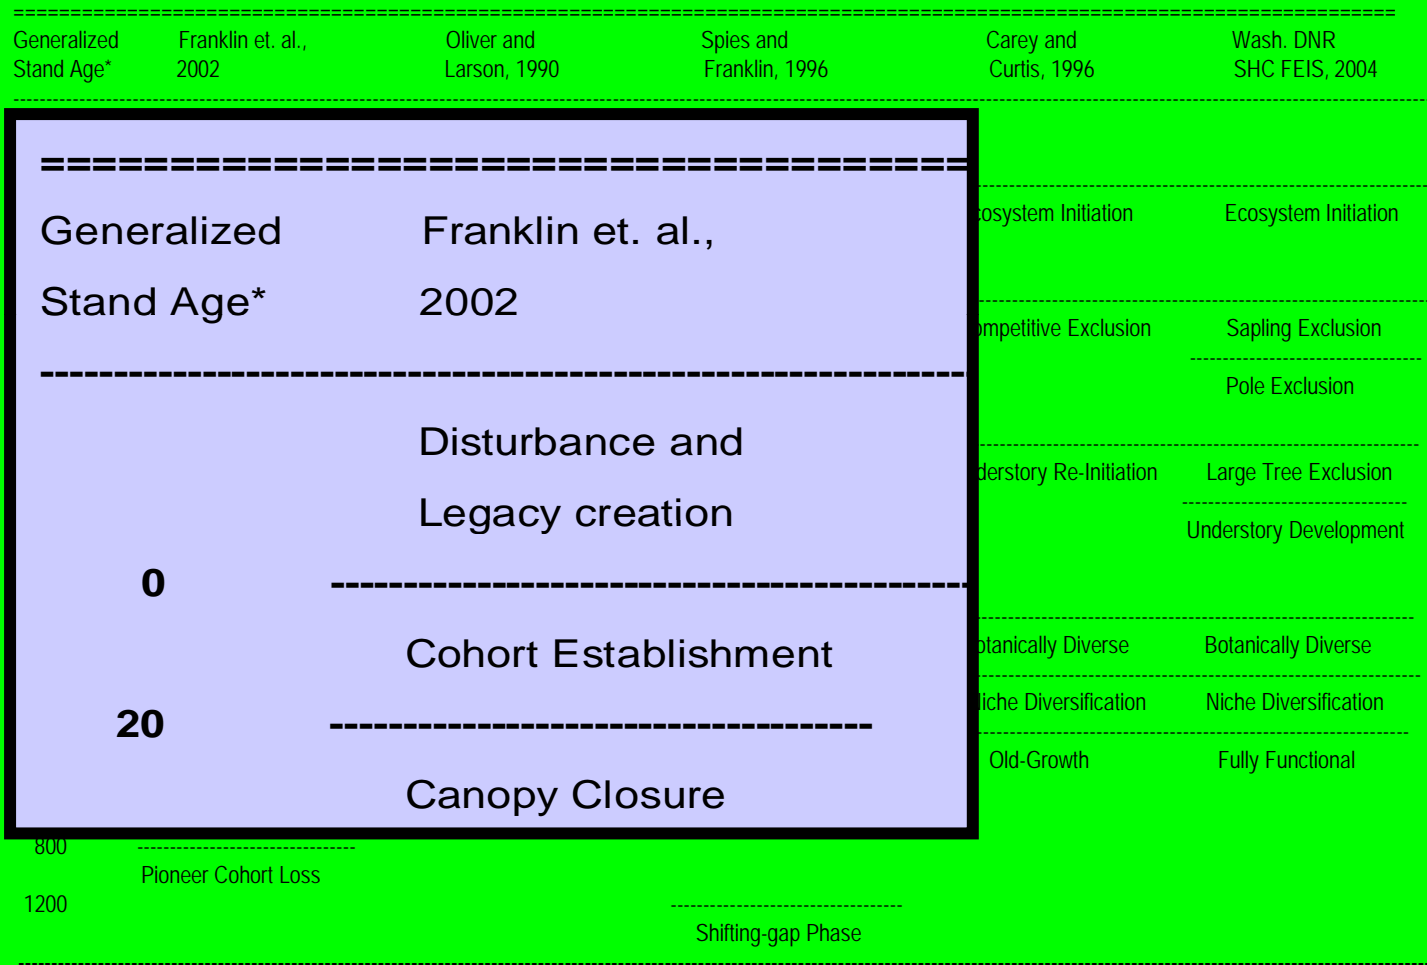

BLM – ODF Joint Thinning Training – Silver Falls State Park

CHARACTERISTICS OF COMPLEX STRUCTURE PHASE

BLM – ODF Joint Thinning Training – Silver Falls State Park

STAND DEVELOPMENT MODELS

BLM – ODF Joint Thinning Training – Silver Falls State Park

ROLE OF DECADENCE IN FOREST DEVELOPMENT

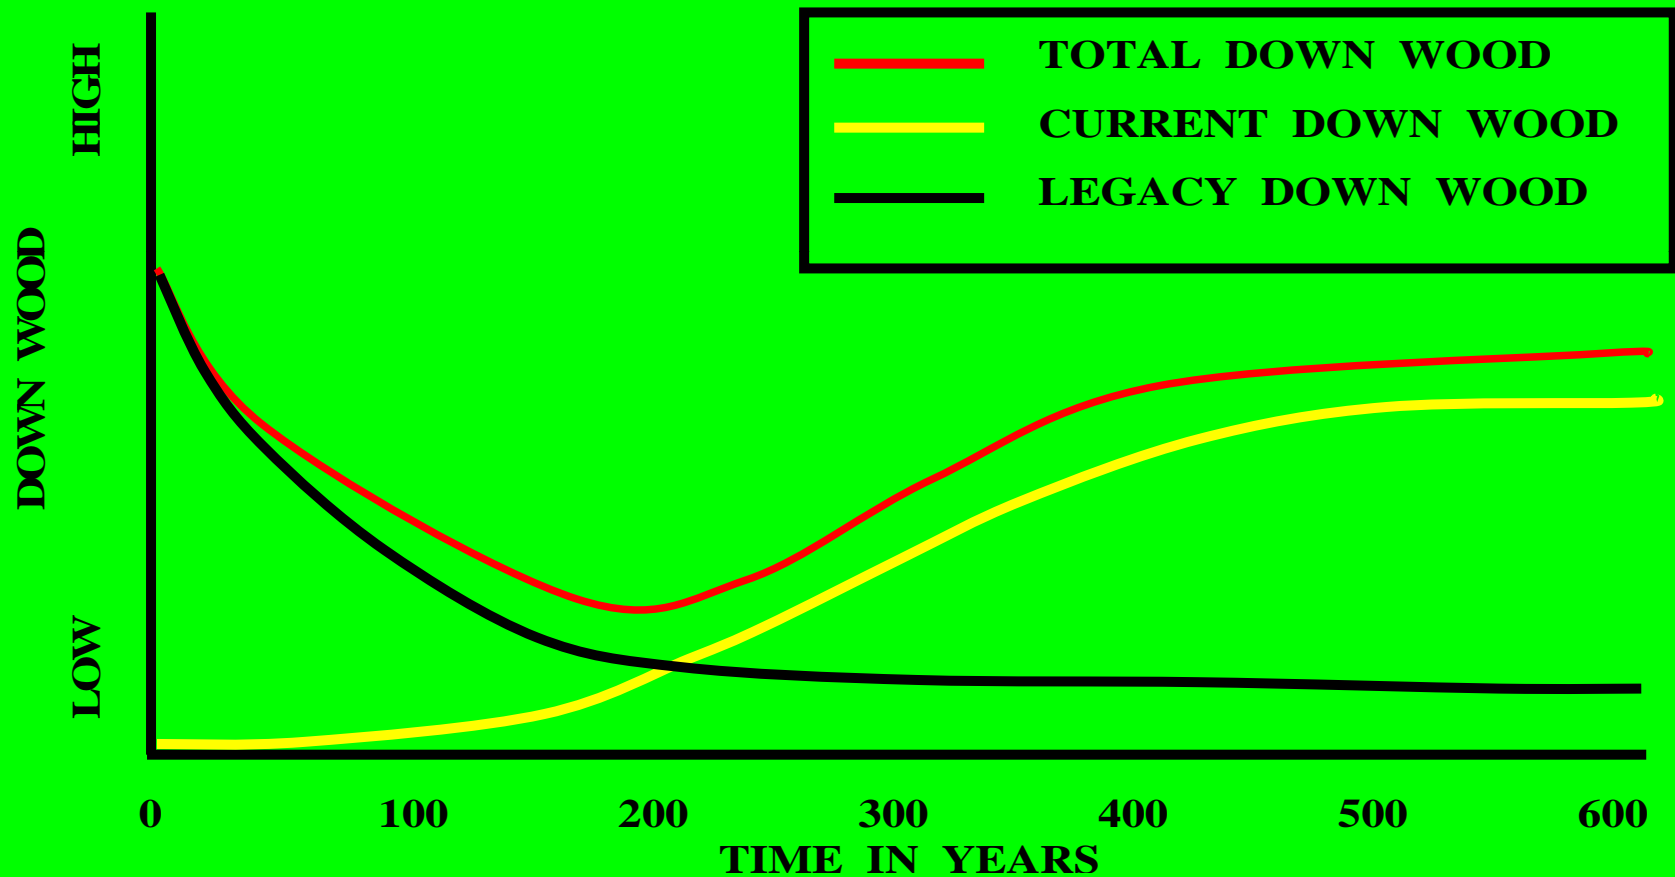

- Legacy Decadence
- Concurrent Decadence
- Trans-rotational Decadence

BLM – ODF Joint Thinning Training – Silver Falls State Park

DOWN WOOD ACCUMULATION

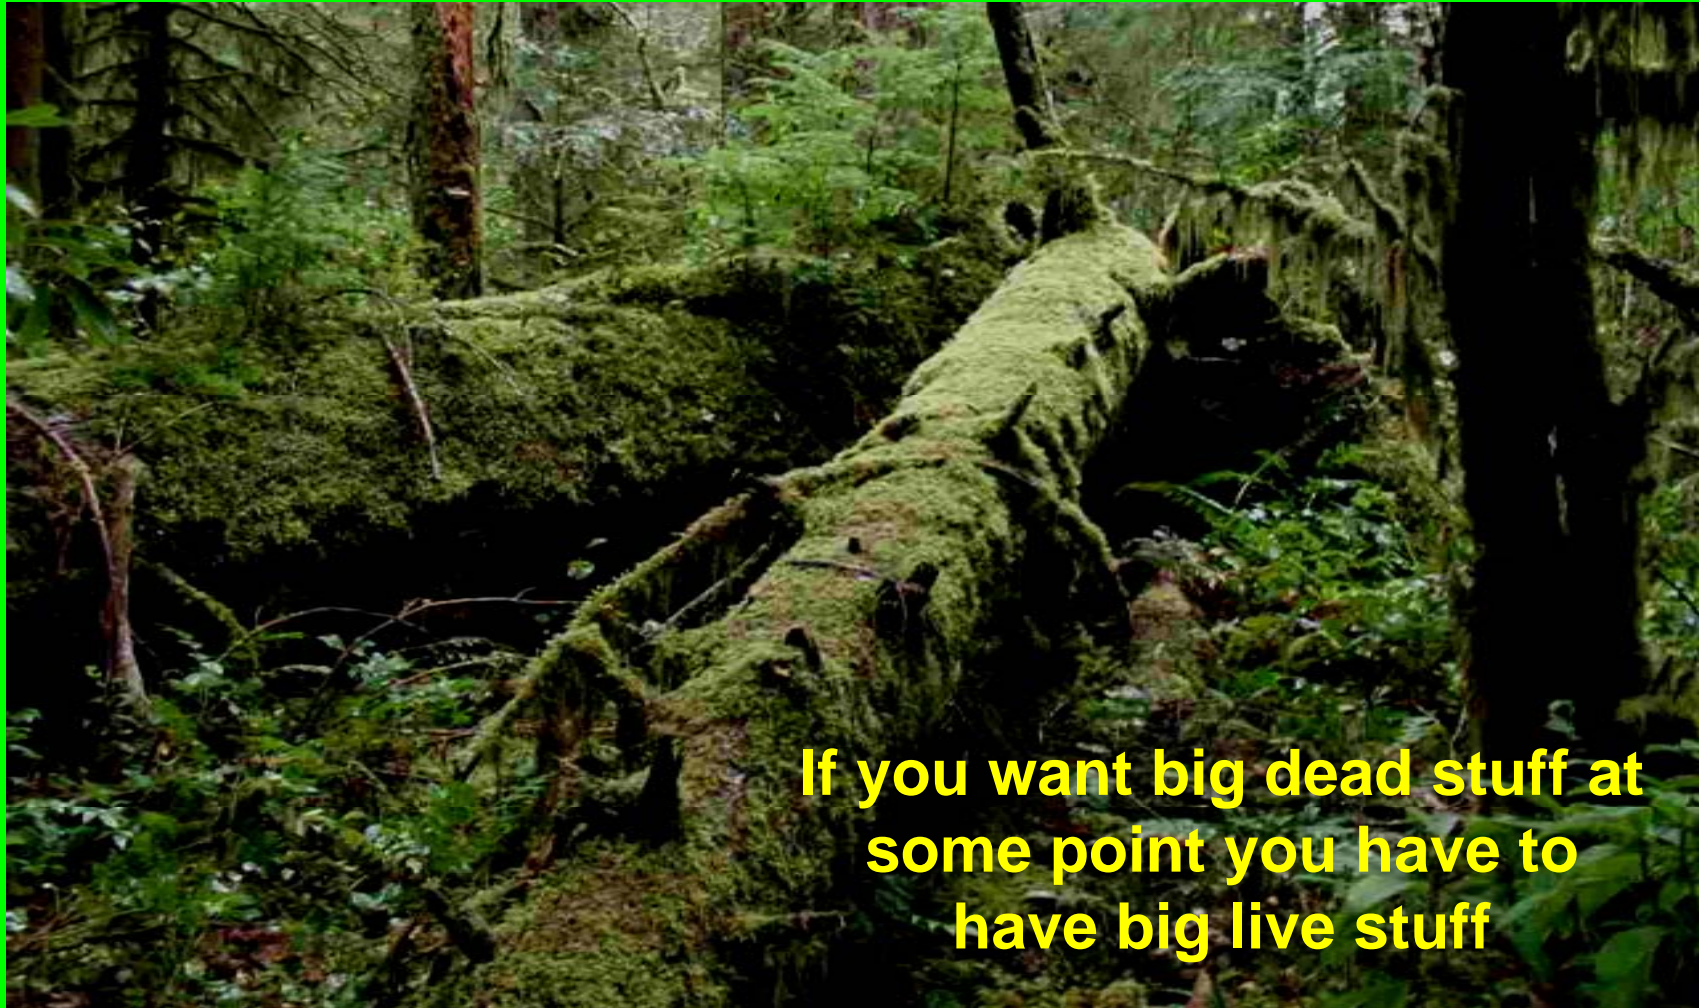

BLM – ODF Joint Thinning Training – Silver Falls State Park

DOWN WOOD ACCUMULATION

BLM – ODF Joint Thinning Training – Silver Falls State Park

ECOLOGICAL LAW

**If you want big dead stuff at
some point you have to
have big live stuff**

BLM – ODF Joint Thinning Training – Silver Falls State Park

WHY DO WE THIN STANDS?

- Play with Neat Toys
- Establish Stand Dominance
- Recover Anticipated Mortality
- Maintain Growth Rate
- Taper Modification
- Accelerate Habitat Development
- Address Forest Health Issues
- Fuels Management
- Extend Rotation / Age Class Distribution

BLM – ODF Joint Thinning Training – Silver Falls State Park

ESTABLISH STAND DOMINANCE

BLM – ODF Joint Thinning Training – Silver Falls State Park

RECOVER ANTICIPATED MORTALITY

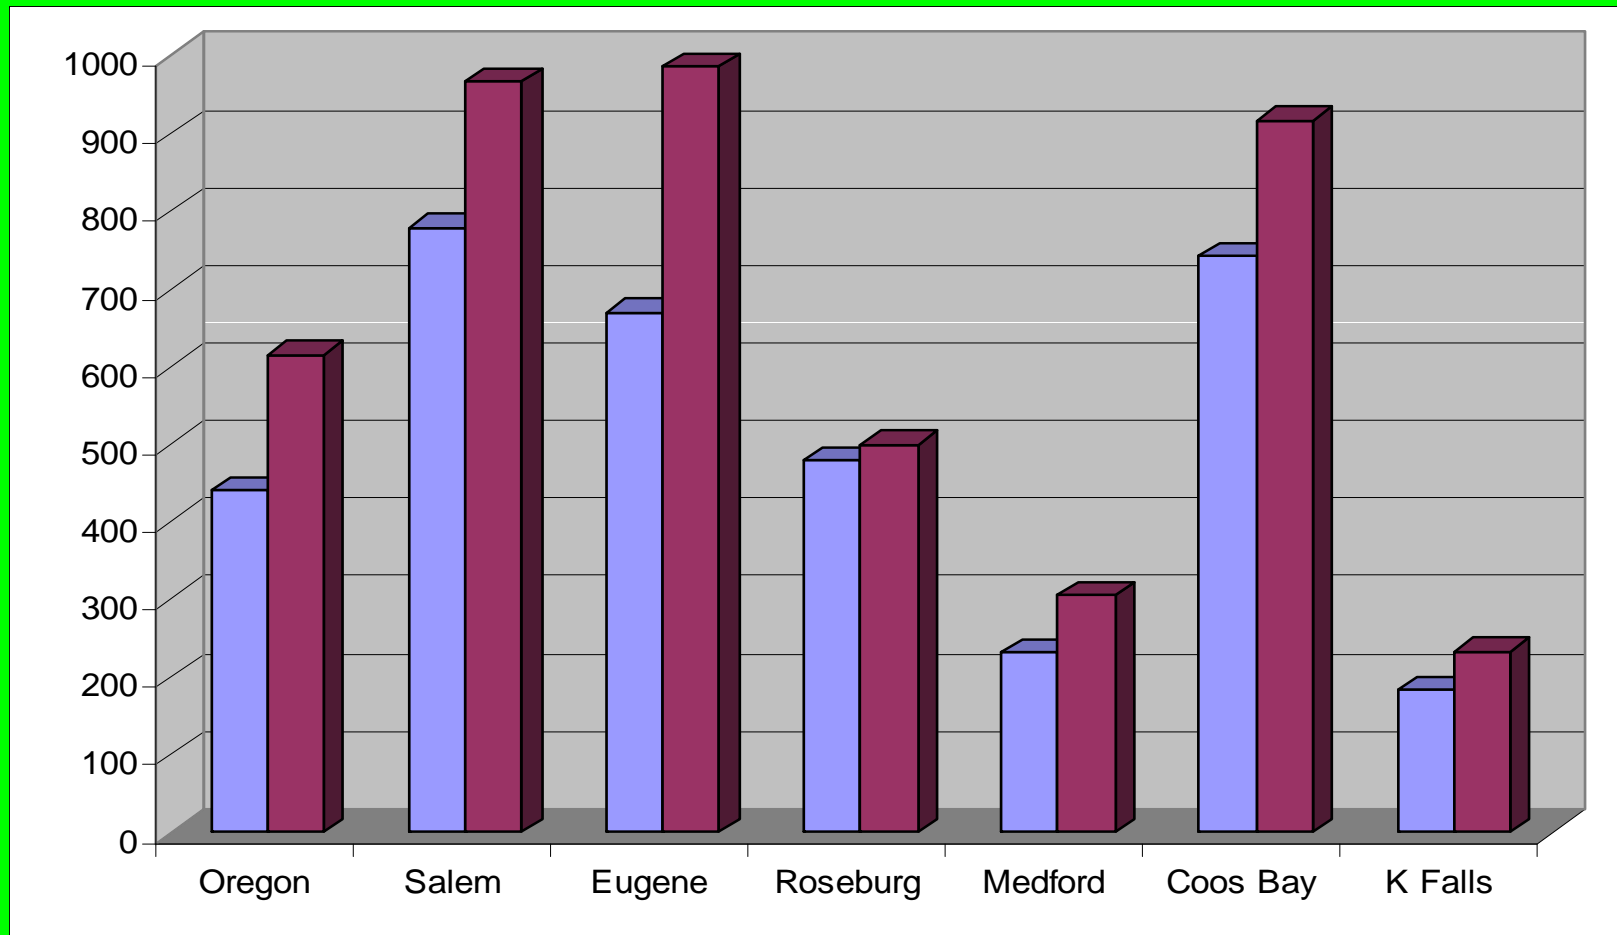

BLM – ODF Joint Thinning Training – Silver Falls State Park

MAINTAIN GROWTH

BLM – ODF Joint Thinning Training – Silver Falls State Park

WOPR GROWTH ESTIMATES

BLM – ODF Joint Thinning Training – Silver Falls State Park

TAPER MODIFICATION

BLM – ODF Joint Thinning Training – Silver Falls State Park

ANNUAL DIAMETER INCREMENT

BLM – ODF Joint Thinning Training – Silver Falls State Park

CANOPY DIFFERENTIATION

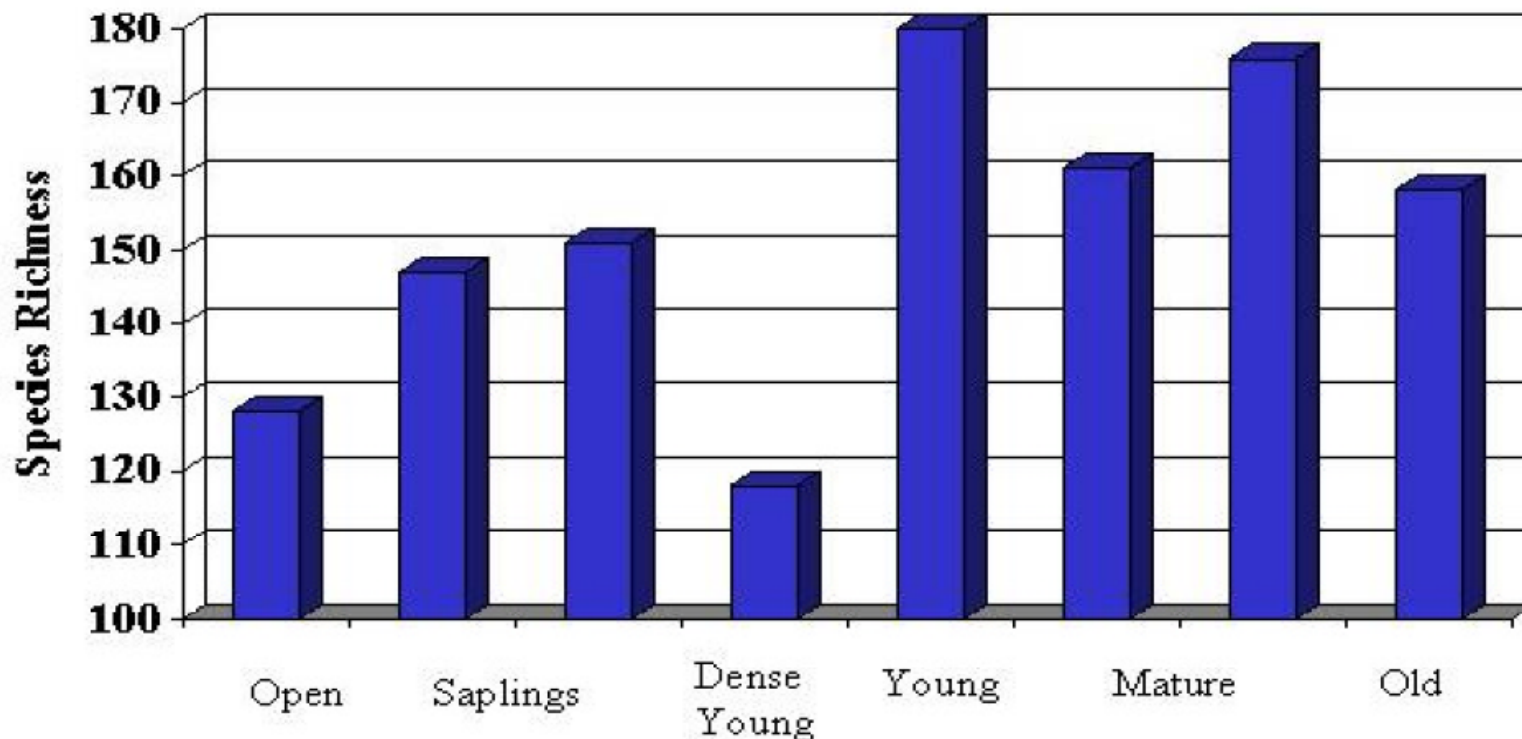

Figure 2. An example of the birds that utilize the vertical diversity in a mature Douglas-fir forest. *From Brown (1985)*

BLM – ODF Joint Thinning Training – Silver Falls State Park

VERTEBRATE SPECIES RICHNESS BY FOREST DEVELOPMENT TYPE

BLM – ODF Joint Thinning Training – Silver Falls State Park

FOREST HEALTH

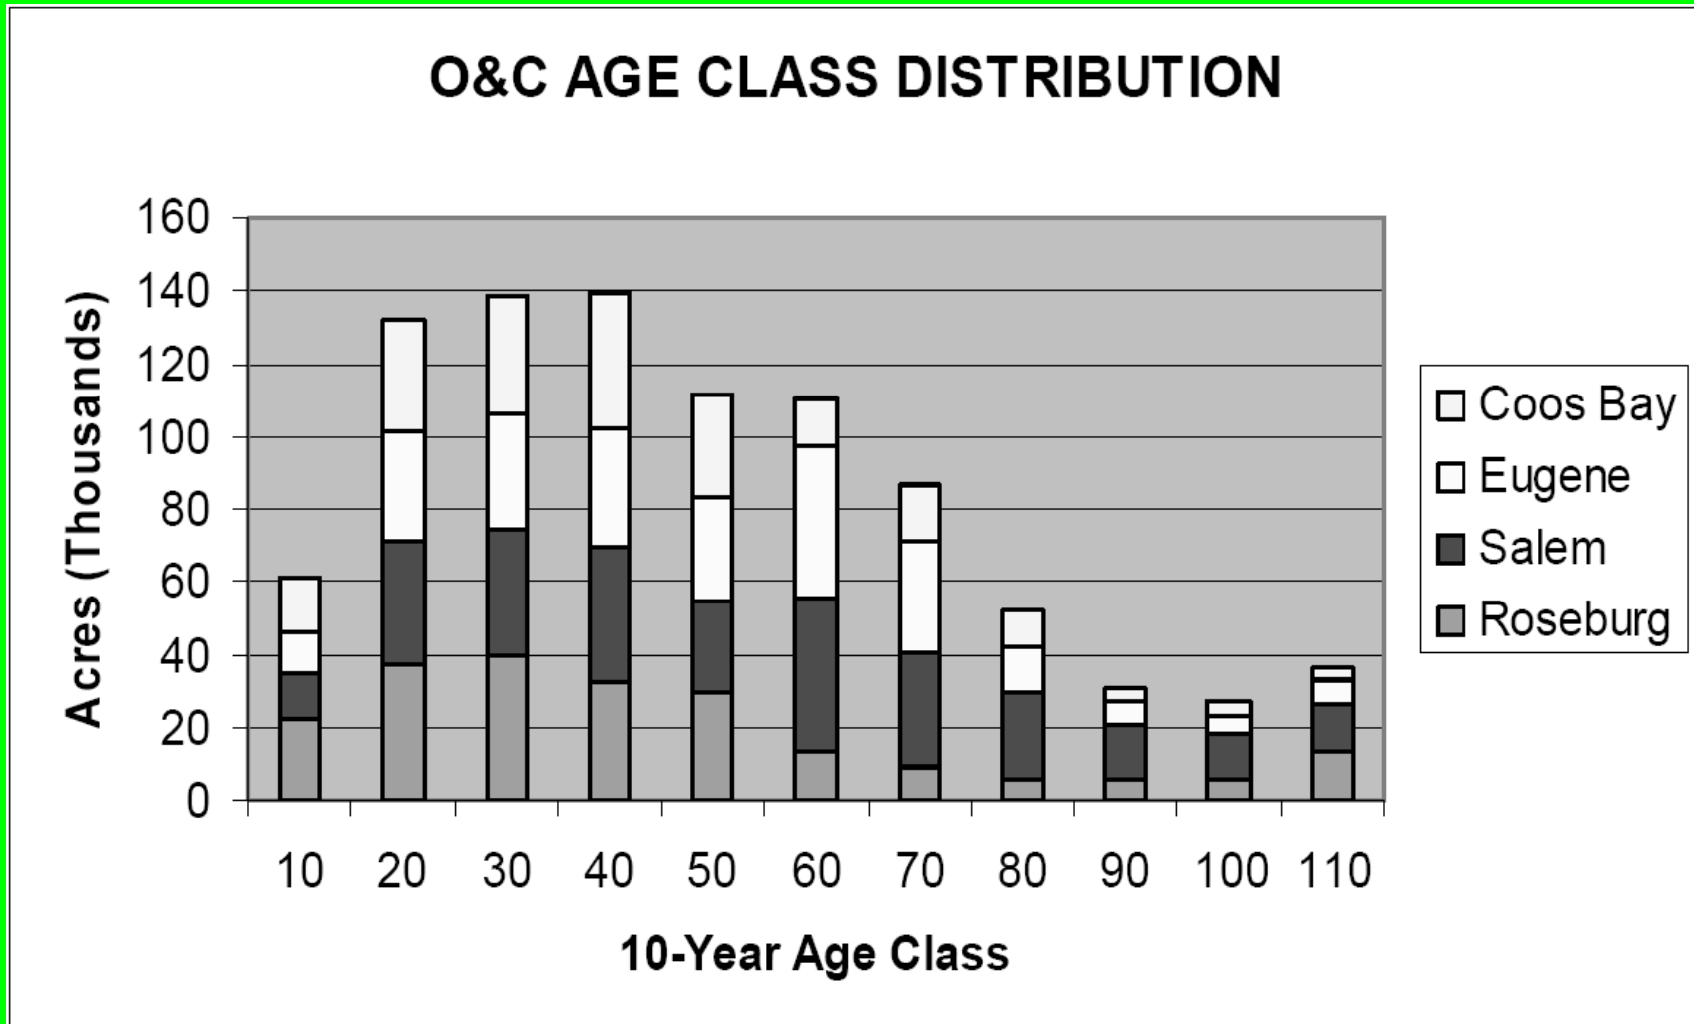

BLM – ODF Joint Thinning Training – Silver Falls State Park

FUELS MANAGEMENT

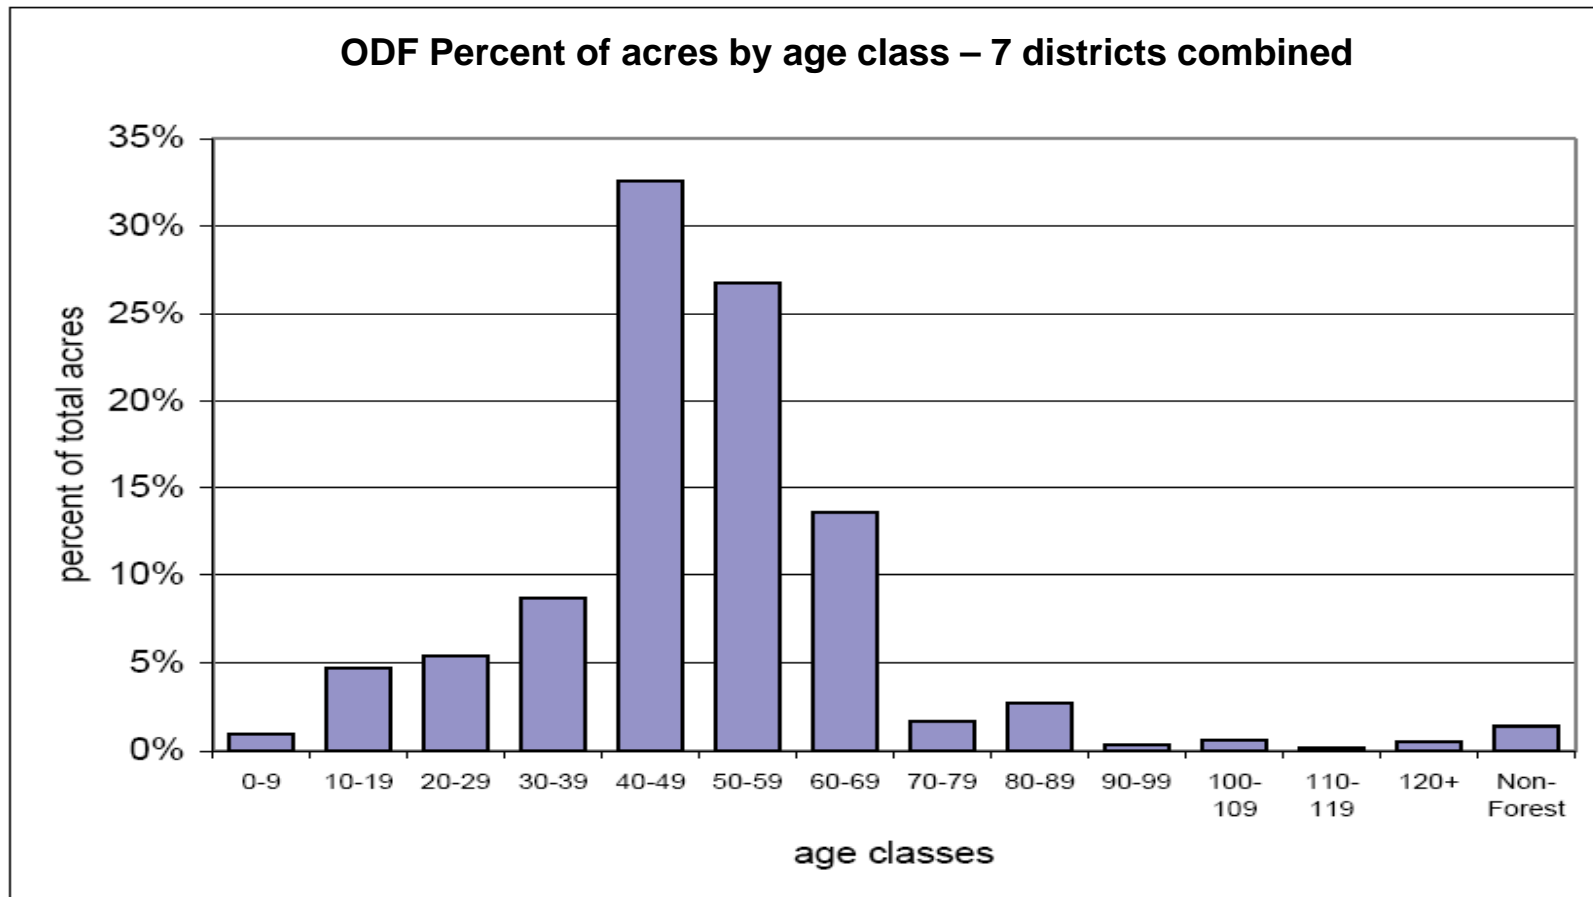

BLM – ODF Joint Thinning Training – Silver Falls State Park

EXTEND ROTATION

BLM – ODF Joint Thinning Training – Silver Falls State Park

EXTEND ROTATION

BLM – ODF Joint Thinning Training – Silver Falls State Park

KEEP IT SIMPLE STUPID

"LET ME GET THIS STRAIGHT. YOU WANT ME TO
PAY YOU TO THIN MY TIMBER?"

BLM – ODF Joint Thinning Training – Silver Falls State Park

QUESTIONS
