

with the consent of the head of department or agency administering these lands.

The use of a right-of-way, interagency agreement, or cooperative agreement would not adequately constrain non-discretionary uses and would not provide adequate protection of the resources within the TRWSR.

There are no suitable alternative sites with equal or greater benefit to the government.

No additional water rights will be needed to fulfill the purpose of the requested withdrawal.

The identification of mineral resources along the Trinity River indicates there is a high potential for the occurrence of placer gold and associated platinum group elements in the river alluvium. There is a moderate to high potential for commercial placer gold development. These alluvial gravel deposits, including the placer tailings, also have a moderate potential for development as sources of mineral materials. There are no other significant mineral occurrences or development potentials.

Records related to the application may be examined by contacting either of the above individuals listed above.

Comments or Requests for Public Meetings: For a period until November 19, 2013, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to the BLM California State office at the address listed above.

Notice is also hereby given that the opportunity for a public meeting is afforded in connection with the proposed withdrawal. All interested parties who desire a public meeting for the purpose of being heard on the proposed withdrawal must submit a written request to the BLM California State Office at the address listed above by November 19, 2013.

If the BLM authorized officer determines that the BLM/FS will hold a public meeting, the BLM will publish a notice of the time and place in the **Federal Register** and a local newspaper at least 30 days before the scheduled date of the meeting.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. Individuals that submit written comments may request confidentiality by asking us in your comment to withhold your personal identifying information from public review,

however, we cannot guarantee that we will be able to do so.

Temporary Segregation: For a period until August 21, 2015, the National Forest System lands described in this notice will be segregated from location and entry under the United States mining laws, but not from leasing under the mineral or geothermal leasing laws, unless the application is denied or canceled or the withdrawal is approved prior to that date. The temporary land uses that may be permitted during the temporary segregation period include licenses, permits, rights of way, and disposal of vegetative resources other than under the mining laws.

The application will be processed in accordance with the regulations set forth in 43 CFR part 2300.

Cynthia Staszak,

Associate Deputy State Director, Natural Resources (CA930).

The Assistant Secretary for Policy, Management and Budget approved the BLM's petition/application. Therefore, the petition/application constitutes a withdrawal proposal of the Secretary of the Interior (43 CFR 2310.1–3(e)).

The purpose of the proposed withdrawal is to protect the cultural, recreational, and biological resources within the TRWSR.

The use of a right-of-way, interagency agreement, or cooperative agreement would not adequately constrain non-discretionary uses and would not provide adequate protection of the Federal investment in the improvements located on the lands.

There are no suitable alternative sites as the described lands contain the resource values to be protected.

No additional water rights will be needed to fulfill the purpose of the requested withdrawal.

Records relating to the application may be examined by contacting the BLM at the above address and phone number.

For a period until November 19, 2013, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to the Field Manager, BLM Redding Field Office, 355 Hemsted Drive, Redding, CA 96002. Information regarding the proposed withdrawal will be available for public review at the BLM's Redding Field Office, during regular business hours, 8 a.m. to 4:30 p.m. Monday through Friday, except Federal holidays.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. Individuals that submit written comments may request confidentiality by asking us in your comment to withhold your personal identifying information from public review, however, we cannot guarantee that we will be able to do so.

Notice is hereby given that the opportunity for a public meeting is afforded in connection with the proposed withdrawal. All interested parties who desire a public meeting for the purpose of being heard on the proposed withdrawal must submit a written request to the Field Manager, BLM Redding Field Office, BLM at the address indicated above by November 19, 2013. If the BLM authorized officer determines that the BLM will hold a public meeting, the BLM will publish a notice of the time and place in the **Federal Register** and a local newspaper at least 30 days before the scheduled date of the meeting.

For a period until August 21, 2015, the public lands described in this notice will be segregated from location and entry under the United States mining laws, but not from leasing under the mineral or geothermal leasing laws or disposal under the Materials Act of

1947, unless the application is denied or canceled or the withdrawal is approved prior to that date.

Licenses, permits, cooperative agreement, or discretionary land use authorizations of a temporary nature that will not significantly impact the values to be protected by the withdrawal may be allowed with the approval of the authorized officer of the BLM during the temporary segregation period.

The application will be processed in accordance with the regulations set forth in 43 CFR part 2300.

Robert M. Wick,

Acting Deputy State Director, Natural Resources (CA930).
