Memorandum

To: Janice M. Schneider  
Assistant Secretary – Land and Minerals Management

From: Neil Kornze  
Director - Bureau of Land Management

Subject: Proposed Partial Revocation, Trinidad Head Light Station, California

We are transmitting a Public Land Order (PLO) on behalf of the United States Coast Guard (USCG) that would partially revoke a withdrawal created by two Executive Orders (EO) that reserved public land at Trinidad Head for lighthouse purposes. The USCG no longer needs the reservation on this portion of land and has filed a relinquishment with the Bureau of Land Management (BLM). The partial revocation would transfer administrative jurisdiction of 12.97 acres of public land which contains the Trinidad Head Light Station, back to the BLM. The PLO would also open the land to location and entry under the general land laws, including the United States mining laws.

An environmental assessment determined this action would have no significant impact on the quality of the human environment, and a detailed statement pursuant to Section 102(2) (C) of the National Environmental Policy Act of 1969 is not required. We recommend your approval.
