

Exercise 6 Determine a Location

You are uncertain of your exact location in the field and decide to take bearings to three different features you can see from your current location.

Your bearings are:

- To the south end of a shopping center between Carson City and the Indian Colony, you read $N65^{\circ}E$
- To the top of "C Hill", a bearing of due north
- To the Premier Mine, a reading of $N56^{\circ}W$

-
1. The elevation at your location is:
 - a. 5910
 - b. 5756
 - c. 5401
 - d. 5534
 2. In which section of T.15N., R19E. are you located?
 - a. 25
 - b. 24
 - c. 19
 - d. 30
