- Depending on the report you choose, different options are available to help narrow your criteria selection.
- When you run a report, the output is opened in a new browser window or tab. If you are running several reports, this allows you to switch back to the Reports Page and start the next report.

Output Options

There are four different output options to choose from when you run a report.

- PDF (portable document format)
- DOC (Word document)
- Excel (Excel spreadsheet)
- Flash (Adobe Flash – vector format)
