

Conclusion with Jim Fogg

JIM FOGG: Hello again. That concludes the Basic Hydraulics Principle course. I hope you learned a lot and enjoyed yourself at least a little bit, and I hope it was a valuable experience for all of you. Thanks to Bob, Rick, and Charles. We really appreciate your providing the instructions for this course. Remember that you can return to any part of this course at any time. That means you could complete the entire course and then re-watch a section if you still have questions or need to refresh your memory. Thanks so much for your time and attention.
