

AFMSS 2 TRAINING OPPORTUNITIES for OPERATORS AND PERMIT AGENTS

BLM is offering oil and gas well operators and permit agents multiple options for training on the new AFMSS 2 application for submission of Notice of Staking (NOS) and Application for Permit to Drill (APD).

Once a month - - a basic training session will be offered for new users and will highlight the creation and submission of the NOS and APD forms and attachments related to the submission. The basic over view will run about three hours and will be a WEB EX type session. An overview of training resources available online will be presented.

Once a month - - an expanded Question and Answer Session will be offered that will allow users to ask in depth questions after they have had an opportunity to use the application and view the training resources online. The Q and A session will last three hours or more based on the number of questions and participants.

Upon request - we may schedule additional sessions for one or more individuals or offices designed specifically for those individuals or offices.

All sessions will be done through a WEB EX type link and allow a visual as well as a verbal exchange.

Scheduled Sessions currently planned are:

JULY:

- Intro Training Session Tuesday 12th 1:00 PM MST
- Q&A FOLLOWUP Tuesday 19th 1:00 PM MST

AUGUST:

- Intro Training Session Tuesday 9th 1:00 PM MST
- Q&A FOLLOWUP Tuesday 16th 1:00 PM MST

SEPTEMBER:

- Intro Training Session Tuesday 13th 1:00 PM MST
- Q&A FOLLOWUP Tuesday 20th 1:00 PM MST

For further information on schedule training - you may also contact either Paul Brown at (303) 236-8586 or e-mail at pbrown@blm.gov or Lucinda (Cindy) Lewis at (918) 621-4190 or e-mail at lalewis@blm.gov.
