## AFMSS 1289/ NA 434 (BLM): AFMSS Deferral Report Improvements

After the initial release of the AFMSS 2 Deferral report, the report was missing a couple of key fields to make reporting more efficient.

Change: The APD Received Date will no longer be included in this report. It will be replaced with the APD Package Accepted Date, as this is date that marks the beginning of the BLM APD processing time. The report will now also contain the BLM Field Office Column, showing which office an APD was submitted to. This will allow for field offices to better sort and narrow down data specific to their office whilst gathering information from this report.

BLM Administrative State	BLM Field Office	Type (Fed or Indian)	Surface Management Agency	Well Name	Well Number	APD Package Accepted date

## AFMSS 1363: Bug Fix (Operator/ BLM): Fix incorrect status when an APD is withdrawn.

Whenever an operator chooses to withdraw an APD for any particular reason, the system will now show “Withdrawn” as the disposition in both the BLM and Operators Archive.
